

Ruth's[®]

American Style Recipe

American Recipe

Ruth Wakefield was the inventor of the chocolate cookie in 1930.

Running out of cocoa powder for her recipe, she chopped up a chocolate bar and put it into the dough for baking. And in this way created an innovative product, never before seen on the market: the world's most successful cookie recipe, which she then sold for the insignificant price of one dollar.

If it is Ruth's, it is Good!
