HANDLING

1. Remove from freezer, place the product on oven trays with clean pan liner as illustrated. Place on a **covered rack**. (For best results do not thaw in cooler overnight).
2. Let product fully thaw approximately for 20-30 minutes on floor. (Do not place in proof box). Spray product with water mist before placing in oven.
3. Place the pastry into oven at 360 °F. Bake for approximately 15-20 minutes until pastry has a golden-brown flaky appearance. Remove from oven.
4. Cool completely before packaging.
