

A top-down photograph of a light-colored, textured surface, possibly a countertop. In the upper left, a small, shallow, light-colored bowl is filled with white flour. To its right, a small white bowl contains a bright yellow liquid, likely melted butter or oil. In the center, the text "We are bakers" is written in a dark, cursive script. Below the text, there are several pieces of golden-brown, rectangular bread. One bread is whole, while others are sliced open, revealing a porous, airy interior. In the bottom right, a small, dark-colored bowl is filled with white salt. The overall composition is clean and minimalist, focusing on the ingredients and the final product.

Tips and Tricks

Bread always tastes better when it's freshly baked.
If you don't have time to bake every day, frozen bread dough is your best option. Right from the freezer, frozen bread dough lets you have warm, perfect loaves ready when needed.

It's great to use for sandwiches, bread bowls, breakfast toasts, casseroles, cinnamon rolls, crostinis, bread baskets, and more.

Can I thaw frozen bread dough in the oven?

Select a bowl/baking pan that can accommodate the dough's risen size, and coat it with your preferred ingredient so it doesn't stick. Cover the dough in heat-safe plastic wrap. Place the dough in the oven at a temperature of 100°F so it thaws but doesn't kill the yeast.

How do you speed up the thawing process?

With boiling water: Place a glass baking dish on the bottom rack of the oven and fill it with boiling water. Put your dough in a covered glass bowl on the middle or top rack and shut the door.

Can you freeze bread dough after the second rise?

Yes, it is possible to freeze pizza/bread dough that has already risen once. Yeast remains relatively unaffected if frozen (you can also freeze blocks of fresh yeast to use at a later date). The texture of the bread will also be unaffected.

Bread dough can last in the freezer for up to 1 year.

In order to keep that freshly baked taste, the frozen bread should be consumed within 4 weeks.
